

Study in Shizuoka

Overseen by the majestic Mt. Fuji, a symbol of Japan, Shizuoka is conveniently located at the midpoint between Tokyo and Osaka. Home to a number of global corporations such as SUZUKI, YAMAHA, and HONDA, Shizuoka provides you amazing career opportunities and an affordable, liveable, and friendly community with big city amenities.

University Housing

The University offers all international students affordable housing. The monthly rent is approximately 20,000 JPY. WiFi / high-speed internet access will be available in each unit.

Pictures of the "International Residence" built in March 2016 in Shizuoka and Hamamatsu. Each unit is fully furnished with 5 private rooms and a shared common area.

Messages from ABP Students

Vishu Gupta

Admitted 2015, Faculty of Informatics, Dept. of Computer Science
- Sri Venkateshwar International School graduate, India

I wanted to study in Japan because it is the most technologically advanced country to study in, and I was fascinated by the culture. The respect that Japanese people show is exemplary. I feel lucky to study at Shizuoka University because Shizuoka is a great place to be for software engineers and tech start-ups. A lot of top international companies are headquartered here, and there are a lot of career options as a result. Most importantly, ABP is developed to provide highly skilled professionals for top Japanese companies. The campus and the surrounding atmosphere is inviting and so are our living arrangements. The standard of living is very high here, and the quality of food is great.

Lemuela Kirsten Darmento

Admitted 2016, Faculty of Engineering, Dept. of Mathematical and Systems Engineering
- Bukit Sion High School graduate, West Jakarta, Indonesia

I wanted to continue my studies in Japan and I was really enthusiastic because ABP Program offered me the possibility of a full scholarship to do that. I applied online and passed through to the last step where I was interviewed by Shizuoka University's professors. Praise God I got accepted in the faculty that I wanted. At first it was not easy to study completely in Japanese but with the support and encouragement given by the teachers and family, I was motivated to always try and obtain good results. As an added bonus, Shizuoka is known for its industrial area and is home to factories like Suzuki, Yamaha, Honda, etc which could be potential workplaces after I graduate.

Asia Bridge Program

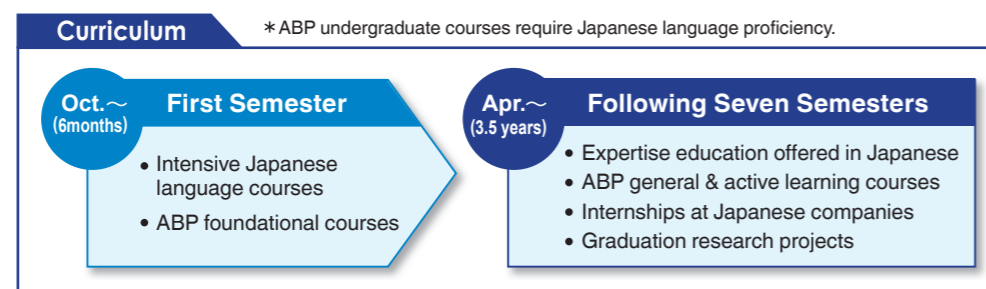

Today Shizuoka, Tomorrow the World

Asia Bridge Program (ABP) is a unique industry-academia collaborative program for students from India, Indonesia, Thailand, Vietnam, and Myanmar. Working closely with Shizuoka-based global corporations, the program is designed to educate future global leaders for business and society. The curriculum emphasizes a well-rounded interdisciplinary education with a focus on a combination of technical expertise, business sense, scientific thinking, and interpersonal skills through which students grow as liaisons between Shizuoka and their home countries.

Asia Bridge Program (ABP) provides you with comprehensive assistance from university admissions and campus life to post-graduate careers.

ABP is a 4-year program that starts in October with a semester of intensive language training.

Industry-Academia Collaboration & Career Support

With a unique industry-academia collaborative curriculum, students are linked to a wide range of global companies through a number of on- and off-campus events such as internships, lectures, seminars, and workshops hosted by corporate business experts. We offer individual counseling from the first year of the program to establish a clear post-graduation career path.

Examples of the companies our international alumni work for :

Suzuki, Suzuyo, Yamaha Motor Company, Shizuoka Bank, Asahi Denso, FCC, Toyota Motor, Nissan Motor, Mazda, Panasonic, Toshiba, Sony EMCS, Sharp, Fujitsu, Rohm, NSK Warner, Paloma, Aichi Steel, Daikin Industry, Alps Electric, Chubu International Airport, Futaba Industries, Japan Airport Terminal, JATCO, Ohm Electric, Nitori

STUDY FOR FREE with an ABP Scholarship

ABP provides all students with financial aid. In addition to exemption from the application and the enrollment fees, it is guaranteed that the first year's full tuition is waived. Assistance for the 2nd, 3rd, and 4th years will cover 50% or 100% of tuition and fees based on an annual assessment of individual academic performance during the previous year. There is also the ABP monthly stipend for all the first-year students as well as other governmental and corporate-sponsored funding opportunities.

	Application Fee	Enrollment Fee	Tuition
ABP Financial Aid	Waived	Waived	1st year: Waived (100%) 2nd-4th years: Waived (50 or 100%)
Full Amount	17,000 JPY	282,000 JPY	535,800 JPY / year

* The table shows the tuition and other fees in 2019. The exact amounts are subject to change without notice.

How to Apply

Applications for ABP require the EJU (Examination for Japanese University Admission) and an English proficiency test (TOEFL, TOEIC, or IELTS), and optionally the JLPT (Japanese Language Proficiency Test). The screening takes place in your country and Japan, which means you don't need to travel to Japan at any point during the application process.

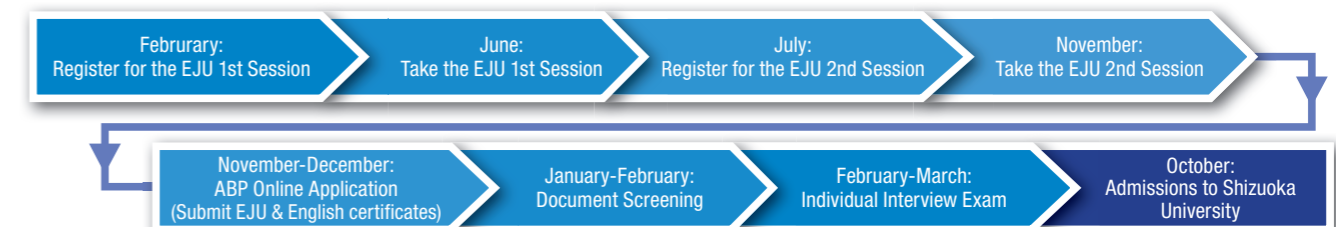

What is EJU ?

EJU official website : <https://www.jasso.go.jp/en/eju/>

EJU stands for "Examination for Japanese University Admission for International Students." The EJU exam is conducted twice a year in India (New Delhi), Indonesia (Jakarta and Surabaya), Thailand (Bangkok and Chiang Mai), Vietnam (Hanoi and Ho Chi Minh City), Myanmar (Yangon), and Japan. The EJU tests are offered in English and Japanese.

ABP Application Timeline for Admissions

EJU Subject Test Requirements

Arts and Humanities Departments	Science and Technology Departments
Japanese as a Foreign Language* Japan and the World Mathematics Course 1**	Japanese as a Foreign Language* Science*** Mathematics Course 2

EJU Registration Office in India (Delhi)

Mombusho Scholars Association of India (MOSAI)

- Phone: +91-11-23313524
- Email: mosai.india@gmail.com
- Web: <http://www.mosai.org.in/>

* Japanese as a Foreign Language subject test may be substituted with JLPT (Japanese Language Proficiency Test).

** Faculty of Education and Department of Socio-Information Studies (Faculty of Informatics) accept either Mathematics Course 1 or 2.

*** Two of the three science subjects are required by each department. For details about science subject requirements, check the application guidelines posted on our website at <http://www.abp.icsu.shizuoka.ac.jp/>
